

# THE SHOW ROOM FOR VOLVO

The Show-Room for Volvo is placed in a decorative pool along with the Café. This Show-Room is designed as a Viking Ship, and is a sort of display case for Volvo production. This structure includes a Museum, as well.

Cars and visitors are lifted onto the show-areas by an elevator located in the "mast". The display of cars is accompanied by an advertisement poly-screen. The Museum is located in the "hull", and offices - in the "bow".
